

Set Flash

Set Flash

Terugkoppeling vanuit de controller naar de view.

In Controller

```
Yii::$app->session->setFlash('success', "Exam deleted.");
```

or

```
Yii::$app->session->setFlash('error', "Exam cannot be deleten, it has still forms attached to it.");
```

In View

```
<?php if (Yii::$app->session->hasFlash('success')): ?>
    <div class="alert alert-success alert-dismissible">
        <button aria-hidden="true" data-dismiss="alert" class="close" type="button">x </button>
        <?= Yii::$app->session->getFlash('success') ?>
    </div>
<?php endif; ?>

<?php if (Yii::$app->session->hasFlash('error')): ?>
    <div class="alert alert-danger alert-dismissible">
        <button aria-hidden="true" data-dismiss="alert" class="close" type="button">x </button>
        <?= Yii::$app->session->getFlash('error') ?>
    </div>
<?php endif; ?>
```
